TCSG has purchased Magna Campus Online Modules--more than 100 online modules for TCSG College Faculty, Staff, and Administrators to use as professional development. There is no cost to the college or employee to access these modules since TCSG is paying the access fee. Here are a few more details.

- There are two types of modules that can be viewed.
 - The 20-Minute Mentor Magna Common Modules - as the name suggests these modules are 20-minutes and are short and to the point.
 - The Magna Common Seminars - these seminars range in length from 30 minutes to 2 hours, so more information and detail is presented on the topic.
 - Though TCSG makes no official recommendation on how much staff development credit a person should receive for completing these modules, it would be appropriate for a college to require completion of three of these 20-minute modules for 1 hour of staff development credit and perhaps 1-2 hours staff development credit for the Magna Modules, but this is your decision.
 - Upon completion of a module, the participant will be able to print a certificate of completion, and this is what will be used for verification of work.
